

SHRINK SLEEVE ART GUIDELINES

Art:

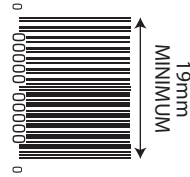

- Follow standard art guidelines found on centurylabel.com/artwork-guidelines
- Art should be contained within the art area

2mm Underlap:

- Only background elements and non-critical artwork should be in the left 2mm of the art area

Barcodes:

- Barcodes should be vertical and measure 19mm minimum from bar to bar

White Plate:

- If shrink sleeve contains a custom white plate, place white plate on its own layer in art file
